

Moments with Surah Al-Jinn

Contemplative moments with Surah Al-Jinn and the secrets of the jinn world

Surah Al-Jinn opens a window onto the unseen by God's permission. It shows that the jinn hear the Quran and are moved by it, and that guidance and misguidance are two clear paths.

These reflections pause at the oneness of God, the rejection of associating partners with Him, and the shared responsibility of humans and jinn before revelation.

The aim is not to stir fear, but to deepen certainty that God is Lord of the worlds, and that the Quran is light for whoever listens sincerely.
